

§ 106-405.7. Inspection and investigation; maintenance of records.

(a) Any authorized representative of the North Carolina Commissioner of Agriculture shall have the power to enter at reasonable times upon any private or public property for the purpose of inspecting and investigating conditions relating to the proper treatment of garbage to be fed to swine, sanitation of the premises and health of the animals.

(b) Garbage feeders shall keep a complete permanent record relating to the operation of equipment and their procedure of treating garbage, and also from whom all swine are received and to whom sold for immediate slaughter. Such record is to be available to the Commissioner of Agriculture or his authorized representative.

(c) Any operator, manager or person in charge of a restaurant, cafe, boardinghouse, school, hospital, or other public or private place where food is served to persons other than members of the immediate family or nonpaying guests of such operator, manager, or person in charge, shall not allow or permit garbage to be removed from the premises thereof unless the person removing said garbage is in possession of a valid garbage-feeding permit issued by the North Carolina Department of Agriculture and Consumer Services, or unless such person removing said garbage is in possession of a document from the county department of health wherein such garbage is located stating that the person removing said garbage is authorized to dispose of such garbage in a legal manner or unless such person removing said garbage is an employee of a municipality engaged in the regular collection of garbage for said municipality. The name and address or license number of any motor vehicle of any person removing garbage other than under authorization from the county department of health, the North Carolina Department of Agriculture and Consumer Services or a municipality, shall be reported by such operator, manager or person in charge, to the State Veterinarian within five days after the first removal of such garbage is made. (1953, c. 720, s. 7; 1971, c. 566, s. 2; 1997-261, s. 109.)
